I from the bottom of my heart thank you for the invite, but there is two reasons I can't except your invitation:

1. I have been living in America for the past 36 years.
2. The new ANC government wants to hang me.

I love you guys and miss you more than you can ever know.

"Scientia et Labore" always!!!

My first university in my life sent me a private dinner invite for old alumni's . I am shocked!!!!
Holy shit. We are awakening the world guys.
